### **KADPF Presentation Proposal/Sponsorship**

To promote and maintain personal improvement by providing educational programs to increase the knowledge of methods, materials and equipment for the operation and the maintenance of buildings and grounds; raise the standards of building maintenance and for continued fellowship the KADPF board would like to request a proposal for presentation topics, speakers or sponsorship for the 2018 KADPF conference. Please feel free to pass this upward to manufactures, engineers or other resources that may provide valuable education opportunities.

Benefits for presenter include access to over fifty plant and facility directors involved in K-12 and post-secondary education. Additionally you will have an opportunity to network at the conference, support the scholarship program, and potentially purchase ad space in the KADPF magazine.

Upon submission, the proposals will be reviewed and discussed by the KADPF board for selection by the board for those proposals that best fit into today's needs for facility managers. These proposals may become part of the selection of presenters or educational opportunities for the 2018 conference.

Presentations should be:

- 20-30 minutes long for round table discussions **OR** 45 minutes for presentations
